CIVIC ADDRESS.

..... Presented by The Municipal Council, Hospet. .....

To

Hon'ble Sri. N. Ranga Reddy, B. A., B. L.,

Minister for Public Works, Government of Madras.

Honoured Sir,

1. We, the Chairman and Members of the Municipal Council, Hospet, have great pleasure to extend to you our hearty welcome on the occasion of your visit to our Historic Town. We feel glad for your elevation as Minister under the eminent leader Sri, C. Rajagopalachar, "The Wisdom Of The East."

2. Your unflinching services and self sacrifices, rendered to the cause of the nation in various activities are sources of inspiration and worthy of emulation. It is our earnest desire that our nation will be lead and guided by able and beloved leaders with united voice and strength.

3. Since the fall of Vijayanagar, this place, has become insignificant in the political map of India. It however continues to be an important centre of pilgrimage, to near by Hampi, which contains archaeologically famous ancient monuments of Vijayanagar glory. With the location of a Sugar Factory here the Agro industrial aspect of the town has received an impetus. Since the launching of Tungabhadra Project in 1946, Hospet has become the centre of tremendous activities in all spheres of life. The population too has increased from 12000 in 1913 to 39000 in 1951. As such, this town has got all the possibilities of further development politically, industrially, economically and socially. Hence the Government are requested to give topmost priority for all of our requests detailed hereunder.

4. We, impress on the Honourable Minister about the bad condition of the Municipal roads due to the extraordinarily heavy traffic of all sorts of vehicles engaged in project works. We, therefore, request the Honourable Minister to sanction the cement concreting of all the roads within Municipal Limits.

5. The present Municipal Office building is quite insufficient. Sparing the Eastern portion of the building for running the Sardar Patel Memorial High School, to meet the needs of increasing number of school going children has increased conjestion, we request the Honourable Minister to make early arrangements for the re-handingover of Tungabhadra Project Rehabilitation Office Building as this is the only adjoining building convenient for us.

6 We submit that the Government Secondary School for girls teaching upto V Form is running without adequate accommodation and with the opening of VI Form from the coming school year, the necessity for the conversion of the existing temporary thatty sheds into a terraced one is keenly felt and we therefore request the Honourable Minister to sanction for the erection of the buildings.

7. The lack of protected water supply to this Municipality has made this town a target for epidemic of Cholera and other water-borne diseases. We request the Hon'ble Minister to sanction the immediate extension of the protected water supply from T. B. P. to Hospet, together with drainage facilities.

8. We are greatful, Sir, for the kindness shown to us in accepting the presentation of this Address and in giving us an opportunity for representing the dire needs of the Municipality.

9. May the Almighty bless you with long life and prosperity to serve the nation and guide it to the cherished goal of peace, plenty and prosperity

HOSPET
18—5—1952

Yours Faithfully,

Chairman & Members of the Municipal Council.

Jai Hind.

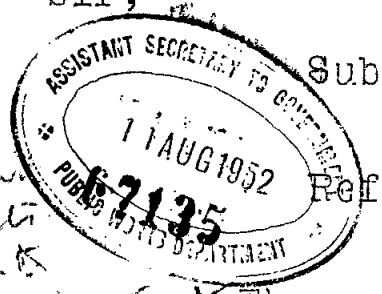
Letter No.36098-K1/52-HR dated 6-8-1952.

Sir,



Sub: Communication - Hospet Military - Cement concreting roads in municipal limits.

Ref: Government memo.no.40254 N/52-1 dated 16-6-1952.

There are three Highway roads in Hospet Municipal limits as detailed below.

(i) Madras Bombay road M.363/0 to 363/7 + 198

(ii) Hospet Mysore Frontier road m.0/0 to 1/2.

(iii) Hospet Kampali road M.0/0 to 0/5 + 459.

Out of these, items 1 and 2 are reported to have been provided with surface dressing with Precoated chips during 50-51 and 51-52 under maintenance grants.

Cement Concreting for item 3 is sanctioned in G.O.No.2302 Public Works dated 1-6-1951 is from o/1 + 330 This work will be taken up for execution after orders of the Government of India regarding their share of cost are received.

The reach o/o to 0/1+330 of item 3 is proposed for dustless surfacing with precoated chips during the current-year.

Sub:- Hospet Municipality-Civic address presented to Minister (Public Works)-Request to cement concrete all roads of Hospet Municipality and other requests.

Ref:- Civic address of Municipal Council, Hospet dated 18.5.1952.

"Secretary, P.W.,

Please examine.

N.R.R.

---:---

A.S.1:

In the civic address presented by the Hospet Municipality to Minister(P.W.), this Deptt. is concerned with the following requests:--

(1) to cement concrete all roads within Municipal limits;

(2) to hand over to the Municipality the building now occupied by the Tungabha Project Rehabilitation Office.

In regard to item (1) above, the Hospet Municipali has mentioned that the bad condition of the Munici pal roads is due to the extraordinary heavy traffi of all sorts of vehicles engaged on the Tungabhadr Project works and that therefore sanction may be accorded to concrete all the roads within Municipal limits. In 1950 a similar request was made by the Hospet Municipality in an address presented to the for mer Minister (P.W.). In that connection the C.E., Tungabhadra Project reported in March 1951 that th Project heavy vehicles generally used only the ma provincial Highway and Government roads, that the roads in the Municipality had been damaged badly by the hundreds of iron tyred sugarcane loaded ca that wended their way to the sugar factory from all directions and that an agreement would likely be reached between the Sugar Co., and the Munici- pality to cement concrete about 2½ miles of heavi trafficked roads. The C.E. had also reported tha

the only one road that would be useful for the project was the high school road that connected Amaravathi colony and Hospet. The question of taking over this road and maintenance by the Project is separately under consideration and no final orders have been issued. as a report is due from the CE TP. ~~No separate action seems necessary in this file.~~

In addition to the above

The following stretches of roads in Hospet Municipality are under Government:--

(1) Nellore-Bombay Road (7 fur. 23 yards).

(2) Hospet-Mysore Frontier Road (1.M.2.F. 110 yds).

(3) Hospet-Kampli Road (5 fur.163.yds).

With reference to a representation from the President, Karnataka Provincial Congress Committee in the matter, he was informed in letter dated 7.1.1950 that ~~the~~ question of cement concreting the roads under Govt. could not be considered on account of the financial stringency. As regards roads in charge of the Municipality, the Hospet Municipality wanted a half grant and a half loan for meeting the cost of the work. As the financial position of the Council was poor and it could not repay the loan, the request of the Municipality was not complied with-vide para 2 of letter at p.9 cf. of 'A'.

The Government have since sanctioned the cement concreting the Hospet ~~traffic~~ Kampli road at a cost of about Rs.7/- lakhs in G.O.No.2302.P.W., dated 6.6.51. This includes the reach of the roads in Hospet Municipality. As regards the other two roads mentioned above, there is no proposal to cement concrete them. The C.E. may be asked to state whether there is a proposal to provide surface dressing in ~~the~~ with preccated chips from maintenance allotment and if so, when. A draft Memo. is submitted.

L.A. may see regarding roads in charge of Hospet Municipality

2. As regards item 2 on p.1 ante, the Hospet Municipality has represented that the present Municipal Office building is quite insufficient and that

the building now occupied by the Special Asst.Rehabilitation should be rehanded over. The question of leasing out the building occupied by the Tungabhad Project Rehabilitation Office to the Sardar Patel Memorial High School, Hospet, was considered last ye on a representation made to the then M.(PW).

The Sardar Patel Memorial High School Commit Hospet, then proposed that the office of the Special Asst.(Rehabilitation), Tungabhadra Project, might be shifted to the Sanskrit Patasal Building on the Hamp Road which was vacant and available for occupation, so that the building occupied by the Spl.Asst.(Rehabilitation) might be made availale for the S.P.M.Hig School. The Special Officer, Tungabhadra Project, w was consulted in the matter pointed out that the Sanskrit Patasal was far away from the ~~town~~ town and that was most unsuitable for locating the Office of the Special Asst.(Rehabilitation), that it was in a very bad state of repairs and that it would not be fit fo occupation, unless it was throughly repaired at a ve heavy cost. The Vice-President of the School Commit was, therefore, informed in letter No.2918-G/51.5. d 2.6.1951 that it was not possible to shift the Offic of the Special Asst.(Rehabilitation) to the Sanskrit Patasal Building and to lease the building occupied by the Office to the Municipal Council. In the circumstances it is for orders whether the question wil be opened for consideration again this year.

May be sent to L.A. ~~as regards item (1);~~ to Revenue ~~as regards item (2) and to~~ Education and Hea ~~as regards other two requests~~ ~~at C + D n.f.~~

5 AUG 1952
PUBLIC WORKS DEPARTMENT

33787 Hz/52
4.8.52

The file relates to the requests made by the Hospet Municipal Council in the Civil address presented to M(P.W.) on 18-5-52. This deptt. is concerned with the following requests:--

(1) to cement concrete all roads within Municipal limits;

(2) to hand over to the Municipality, the building now occupied by the Tungabhadra Project Rehabilitation office.

2.Cement concreting all roads within Municipal limits.

The Hospet Municipality has mentioned that the bad condition of the Municipal roads is due to the extraordinary heavy traffic of all sorts of vehicles engaged on the Tungabhadra Project works and that therefore, sanction may be accorded to concrete all the roads within Municipal limits. In 1950, a similar request was made by the Hospet Municipality in an address presented to the former Minister (P.W.). In that connection, the C.E., Tungabhadra Project reported in March 1951 that the Project heavy vehicles generally used only the main Provincial Highway and Government roads, that the roads in the Municipality had been damaged badly by the hundreds of iron tyred sugarcane loaded carts that wended their way to the sugar factory from all directions and that an agreement would likely be reached between the Sugar Co., and the Municipality to cement concrete about 2½ miles of heavily trafficked roads. The C.E. has also reported that the only one road that would be useful for the project was the High School road that connected Amaravathi colony and Hospet. It has since been ordered in G.O.Ms.No.3646, P.W., d/29-8-52 that the High School road be taken over from the Hospet Municipality and maintained at Govt.cost till the completion of the Project.

In additional to the roads mentioned above, the following stretches of roads within the limits of Hospet Municipal Council are under Government:--

1) Madras Bombay road - M.363/0 to 363/7+198

(2) Hospet Mysore Frontier road - M0/o to 1/2

(3) Hospet Kampli road - M0/o to 0/5 + 459

With reference to a representation from the President, Karnataka Provincial congress committee in the matter, he was informed in January 1950 that the question of cement concreting the roads mentioned above could not be considered on account of the financial stringency. The Govt. have since sanctioned the Cement concreting the Hospet Kampli road at a cost of about Rs.7/- lakhs This includes a reach of the road from M0/1 + 330 to M0/5 + 459) within Hospet Mply. The C.E.(H) has reported that the remaining portion of the road within Ml. Limits is proposed to be provided with dustless surfacing with precoated chips during the current year. He has also now reported that the stretches of the Madras-Bombay road and the Hospet-Mysore Frontier road within the municipal limits have been provided with dustless surfacing with precoated chips during 1950-51 and 1951-52 under maintenance allotment. In the circumstances, no action is called for regarding improvements to Govt. roads within Municipal limits.

As regards roads in charge of the Municipality, the Mpl.Council wanted in 1949-50 a half-grant and a half loan for meeting the cost of the work. As the financial position of the Council was poor and as it could not repay the loan, the request of the Mpl.Council was not complied with. L.A. have stated that no provision has been proposed in the State budgets for grants to the Mpl.Council in 1952-53 for dustless surfacing schemes of Municipal roads and that no application has been received from the Mpl.Council or recommended by the C.E(H) in connection with the Part II scheme for 1952-53. They have also stated that the question will be further considered of the

Municipal Council moves the Govt. through the C.E.(H) for a grant or loan.

3. As regards request (2) the Hospet Municipali has represented that the present Municipal Office building is quite insufficient and that the building now occupied by the Special Asst.(Rehabilitatic should be rehanded over. The question of leasing out the building occupied by the Tungabhadra Project Rehabilitation Office to the Sardar Patel Memorial High School, Hospet, was considered last year on a representation made to the then M(P.W.

The Sardar Patel Memorial High School Committee, Hospet, then proposed that the office of the Special Asst.(Rehabilitation), Tungabhadr Project, might be shifted to the Sanskrit Patasa Building on the Hampi Road which was vacant and available for occupation, so that the building occupied by the Spl.Asst(Rehabilitation) might b made available for the S.P.M.High School. The Special Officer, Tungabhadra Project, who was consulted in the matter pointed out that the Sanskrit Patasal was far away from the town and that it was most unsuitable for locating the Offi of the Special Asst.(Rehabilitation), that it was in a very bad state of repairs and that it would not be fit for occupation, unless it was thoroughly repaired at a very heavy cost. The Vice-President of the School Committee was, therefore, informed in letter No.2918-G/51-5 date 2-6-51 that it was not possible to shift the Office of the Special Asst.(Rehabilitation) to the Sanskrit Patasal Building and to lease the building occupied by the Office to the Municipa Council. In the circumstances, it is for orders, whether the question will be opened for consideration again this year and the C.E. and the S.O., T.P. addressed in the matter.

The proposals for the continuance beyond 31.3.53 of the staff referred to 21/2/53 have not so far been received in this (R) Section.

21-2-53

24/2/53

Pending receipt of proposals if any for the continuance of the staff referred to at X above beyond 31.3.53, Health Deptt may be requested to state the present stage of the Government letter No. dated 26.8.52 from the Commr Hospet Municipality on the subject, w.r.t that deptts note at top of page.

24-2-53

26-2-53

FEB 1953
PUBLIC WORKS DEPARTMENT

P.W.D. no 1558/G/53-1
26-2-53

Please see the note of this Department at bottom of page 12 ante.

The ~~connected~~ file referred to has since been received from Health and is linked below. It will be seen from ~~there~~ that as a result of the orders in G.O.Ms.No. 2406, Health dated 28-7-1952 directing the Commissioner Hospet to shift the office of the Municipal Health Office and his establishment back to the eastern - wing of the Municipal Office buildings where it was formerly located and to ask the Sardar Patel Memorial High School, a private institution which is occupying the portion to find a private building elsewhere the Commissioner has furnished copies of the following resolutions passed by the Municipal Council:-

(i) The present Municipal Choultry at Hospet may be exchanged for the building in which the Tungabhadra Project Rehabilitation Office is situated so that the Office of the M.H.O., Hospet, may be located in the latter building.

(ii) Sardar Patel School may be continued in the existing portion of the Municipal building where the Office of the M.H.O. was formerly located. The Council will provide additional accommodation for the office of the M.H.O. by construction of addl. building.

(iii) The entire building occupied by the Rehabilitation Office which was previously owned by the Council may be returned to it, as the said office will be wound up by 31-3-1953.

As regards the above resolutions while agreeing with the views of the ~~existing~~ that ~~as pointed by~~ Inspector of Municipal Councils & Local Boards that they have been passed ~~over~~ to gain time and to delay the shifting of the private school ~~for~~ from the premises of the Municipal offices, Health have noted that the resolutions should be

14

considered independently of the issue of provision of proper accommodation for the office of Municipal Health Officer. This Deptt. have noted in this file as follows:-

" The notes at pp 1-6 above may be perused. The sanction for the Rehabilitation staff referred to at 'C' on page 2 ante exists till 31-3-1953. Proposals for the continuance of the staff beyond that date have not so far been received. It is not known whether the office will be wound up by 31-3-1953 or not. Health may be requested to consult the C.E. for I (II) in the matter, if necessary. With these remarks the file may be passed on to Education Department."

M

In view of the remarks for orders whether further action on this file may lie over till a decision is arrived at in the top file so far as the question of retaining the building occupied by the Rehabilitation Office to the Municipal Council, Hospet is concerned.

(P.T.O.)

NOTE FOR CIRCULATION.

The file relates to the requests made by the Hospet Municipal Council in the Civic address presented to M.(PW) on 18.5.1952. This Department is concerned with the following requests:--

(1) to cement concrete all roads within Municipal limits;

(2) to hand over to the Municipality, the building now occupied by the Tungabhadra Project Rehabilitation office.

2. Cement concreting all roads within Municipal limits:

The Hospet Municipality has mentioned that the bad condition of the Municipal roads is due to the extraordinary heavy traffic of all sorts of vehicles engaged on the Tungabhadra Project works and that therefore, sanction may be accorded to concrete all the roads within Municipal limits. In 1950, a similar request was made by the Hospet Municipality in an address presented to the former Minister(P.W). In that connection, the C.E., Tungabhadra Project reported in March 1951, that the project heavy vehicles generally used only the main provincial Highway and Government roads, that the roads in the Municipality had been damaged badly by the hundreds of iron tyred sugarcane loaded carts that wended their way to the sugar factory from all directions and that an agreement would likely be reached between the sugar co., and the Municipality to cement concrete about 2½ miles of heavily trafficked roads. The C.E. also reported that the only road that would be useful for the project was the High School road that connected Amaravathi colony and Hospet. It has since been ordered in G.O.Ms.No.3646.P.W. dated 29.8.1952 that the High School road be taken over from the Hospet Municipality and maintained at Government cost till the completion of the project.

In addition to the roads mentioned above, the following stretches of roads within the limits of Hospet Municipal Council are under Government:--

(1) Madras Bombay road--M.363/0 to 363/7 plus 198

(2) Hospet Mysore Frontier road--M.0/0 to 1/2.

(3) Hospet Kampalli road--M.0/0 to 0/5 plus 459

With reference to a representation from the President, Karanataka Provincial Congress Committee in the matter, he was informed in January 1950, that the question of cement concreting the roads mentioned above could not be considered on account of the financial stringency. The Government have since sanctioned the cement concreting the Hospet Kampli road at a cost of about Rs.7/- lakhs. This includes a reach of the road from M.0/1 (30 to No/5 plus 459) within Hospet Municipality. The C.E.(H) has reported that the remaining portion of the ~~Road within~~ road in this municipal limits is proposed to be provided with dustless surfacing with precoated chips ~~during the current year~~. He has also now reported that the stretches of the Madras--Bombay road and the Hospet--Mysore Frontier road within the Municipal limits have been provided with dustless surfacing with precoated chips during 1950--51 and 1951--52 under maintenance allotment. In the circumstances, no action is called for regarding improvements to Government roads within Municipal limits.

As regards roads in charge of the Municipality, the Municipal Council wanted in 1949--50 a half-grant and a half loan for meeting the cost of the work. As the financial position of the Council was poor and as it could not repay the loan, the request of the Municipal Council was not complied with. L.A. have stated that no provision has been proposed in the State budget for grants to the Municipal Council in 1952--53 for dustless surfacing schemes of Municipal roads and that no application has been received from the Municipal Council or recommended by the Chief Engineer(Highways) in connection with the Part II scheme for 1952--53. They have also stated that the question will be further considered if the Municipal Council moves the Government through the Chief Engineer(H) for a grant or loan.

3. As regards request (2) the Hospet Municipality has represented that the present Municipal Office building is

quite insufficient and that the building now occupied by the Special Assistant (Rehabilitation) should be ~~reached~~ reRanded over. The question of leasing out ~~to~~ the building occupied by the Tungabhadra Project Rehabilitation office to the Sardar Pate Memorial High School, Hospet, was considered last year on a representation made to the then M.(PW).

4 The Sardar Patel Memorial High School Committee, Hospet, then ~~proposed~~ proposed that the office of the Special Asst.(Rehabilitation), Tungabhadra Project, might be shifted to the Sanskrit Patasal Building on the Hampi Road which was vacant and available for occupation, so that the building occupied by the Special Asst.(Rehabilitation) might be made availabe for the S.P.M.High School. The Special Officer, Tungabhadra Project, who was consulted in the matter pointed out that the Sanskrit Patasal was far away from the ~~town~~ town, ~~and~~ that it was most unsuitable for locating the office of the Special Asst. (Rehabilitation), that it was in a very bad stated of repair and that it would not be fit for occupation, unless it was ~~thoughly~~ thoroughly repaired at a very heavy cost. The Vice-President of the School Committee was therefore, informed in letter No 2918-G/51-5 dated 2.6.1951 that it was not possible to shift the Office of the Special Asst.(Rehabilitation) to the Sanskrit Patasal Building and to lease the building occupied by the Office to the Municipal Council.

5 In this connection it is submitted that as a result of the orders in G.O.Ms.No.2406.Health dated 28.7.1952 directing the Commissioner, Hospet to shift the office of the Municipal Health Officerand his establishment back to the eastern wing of the Municipal Office buildings where it was formerly located and to ask the Sardar Patel Memorial High School, a private instituion which is occupying the portion, to find a private building elsewhere, the ~~commission~~ Commissioner has furnished copies of the following resolutions passed by the Municipal Council:--

(i) The present Municipal Choultry at Hospet may be

exchanged for the building in which the Tungabhadra Project Rehabilitation Office is situtated so that the Office of the ~~M.H.O.~~ Municipal Health Officer Hospet, may be located in the latter building.

(ii) Sardar Patel School may be continued in the existing portion of the Municipal building where the Office of the M.H.O. was formerly located. The Council will provide additional accommodation for the office of the M.H.O. by construction of addl.building.

(iii) The entire building occupied by the Rehabilitation office which was previously owned by the Council may be returned to it, as the said office will be wound up by 31.3.1953.

As regards the above resolutions, while agreeing with the views of the Inspector of Municipal Councils and Local Boards that they have been passed to gain time and to delay the shifting of the private school from the premises of the Municipal Offices, Health have noted that the resolutions should be considered independently of the issue of provision of proper accommodation for the office of Municipal Health Officer. This Department considered that, as proposal for the continuance of Rehabilitation Staff beyond 31.3.1953 have not been received, and it is not known whether the office will be wound up by 31.3.1953 or not, Health Department may consult the C.E. in the matter. In view of this it is for consideration whether further action in this file may be over till a decision is arrived at in the file of Health Department referred to at 'A' above so far as the question of retaining the building occupied by the Reahabilitation Office to the Municipal Council, Hospet is concerned. Health (P-1).

Please see the notes on pp 15-18 ante.

2. The C. E. is not being consulted as stated at "M" on p 18 ante.

3. The M. d, Hospet has since resolved that the S.P.M. High School should vacate the municipal building after the current school year. In the circumstances, the Commr, Hospet Mty has been asked to give effect to the orders in G.O. No. 2406 Health, d/ 28.7.52, immediately after the academic year 1952-53 is over. The Commr. has also been informed that if the M. d. still requires the building in which the Office of the Tungabhadra Project Rehabilitation Office is situated he should submit necessary proposals through the C.E (I). Necessary action will no doubt be taken by the P.W.D. when proposals are received from the Commr.

NOTE FOR CIRCULATION.

The file relates to the requests made by the Hospet Municipal Council in the Civic address presented to M.(PW) on 18.5.1952. This Department is concerned with the following requests:--

(1) to cement concrete all roads within Municipal limits; and

(2) to hand over to the Municipality, the building now occupied by the Tungabhadra Project Rehabilitation office.

2. Cement concreting all roads within Municipal limits:-

The Hospet Municipality has mentioned that the bad condition of the Municipal roads is due to the extraordinary heavy traffic of all sorts of vehicles engaged on Tungabhadra Project works and that therefore, sanction may be accorded to concrete all the roads within Municipal limits. In 1950, a similar request was made by the Hospet Municipality in an address presented to the former M.(PW). In that connection the C.E., Tungabhadra Project, reported in March 1951, that the project heavy vehicles generally used only the main provincial Highway and Government roads, that the roads in the Municipality had been damaged badly by the hundreds of iron tyred sugar-cane loaded carts that wended their way to the sugar factory from all directions and that an agreement would be likely be reached between the sugar company and the Municipality to cement concrete about 2½ miles of heavily trafficked roads. The C.E. also reported that the only road that would be useful for the project was the High School road that connected Amaravathi colony and Hospet. It has since been ordered in G.O.No.Ms.3646.P.W., dated 29.8.1952, that the High School road be taken over from the Hospet Municipality and maintained at Government cost till the completion of the project.

3. In addition to the roads mentioned above, the following stretches of roads within the limits of Hospet Municipal Council are under Government:--

(1) Madras Bombay road--M.363/0 to 363/7 plus 198
(2) Hospet Mysore Frontier road--M.0/0 to 1/2.
(3) Hospet Kampli road--M.0/0 to 0/5 plus 459.

With reference to a representation from the President, Karanataka Provincial Congress Committee in the matter, he was informed in January 1950, that the question of cement concreting the roads mentioned above could not be considered on account of financial stringency. The Govt. have sanctioned the work of providing cement concrete surface to Hospet-Kampli Road from M 0/1 to M10/0 ~~including the stretch of the road within Hospet Ml. limits~~ and the Govt. of India have also agreed to give a grant of Rs.1.2 lakhs for this work. That Govt. have now stated that cement concreting of the road is not essential for purpose of tourist traffic and they have suggested that as this Govt. is finding it difficult to provide funds for the work, surface dressing with pre-coated chips may be adopted. This suggestion is under consideration separately. The C.E. has reported that the remaining portion of the road within Ml. limits is proposed to be provided with dustless surfacing with precoated chips. He has also reported that the stretches of Madras Bombay Road and the Hospet Mysore Frontier road within the Municipal limits have been provided with dustless surfacting with precoated, chips during 1950-51 and 1951--52 under maintenance allotment. In the circumstance no action is called for regarding improvements to Government roads within Municipal limits.

4. As regards roads in charge of the Municipality, the Municipal Council wanted in 1949--50 a half grant and a half loan for meeting the cost of the work. As the financial position of the Council was poor and as it could not repay the loan, the request of the Municipal Council was not complied with. L.A. have stated that no provision has been proposed in the State budget for grants to the Municipal Council in 1952--53 for dustless surfacing schemes of Municipal roads and that no application has been received from the Municipal Council or recommended by the C.E.(H) in connection with the Part II Scheme for 1952--53. They have also stated that the question will be further considered if the Municipal Council moves the Government through the C.E.(H) for a grant or loan.

5. As regards request (2) on p.20 ante, the Hospet Municipality has represented that the present Municipal Office

existing building, the eastern portion of which has been spared for Sardar Patel Memorial High School is quite insufficient and that the building now occupied by the Special Asst.(Rehabilitation) should be re-handed over. The question of leasing out the building occupied by the Tungabhadra Project Rehabilitation office to the Sardar Patel Memorial High School, Hospet, was considered in 1951 on a representation made to the then M.(PW).

6. The Sardar Patel Memorial High School Committee, Hospet, then proposed that the office of the Spl.Asst.(Rehabilitation), Tungabhadra Project, might be shifted to the Sanskrit Patasala Building on the Hampi Road which was vacant and available for occupation, so that the building occupied by the Special Asst. (Rehabilitation) might be made available for the S.P.M.High School. The Spl.Officer, Tungabhadra Project, who was consulted in the matter, pointed out that the Sanskrit Patasal was far away from the town, that it was most unsuitable for locating the office of the Spl.Asst.(Rehabilitation), that it was in a very bad state of repairs, and that it would not be fit for occupation, unless it was thoroughly repaired at a ~~very~~ heavy cost. The Vice-President of the School Committee was therefore, informed in letter No.2918.G/51-5., dated 2.6.1951, that it was not possible to shift the Office of the Special Asst.(Rehabilitation) to the Sanskrit Patasal Building and to lease the building occupied by the Office to the Municipal Council.

7. In this connection it is submitted that as a result of the orders in G.O.Ms.No.2406.Health, dated 28.7.52, directing the Commissioner, Hospet, to shift the office of the Municipal Health Officer and his establishment back to the eastern wing of the Municipal Office buildings where it was formerly located and to ask the Sardar Patel Memorial High School, a private institution which is occupying the portion, to find a private building elsewhere, the commission has furnished copies of the following resolutions passed by the Municipal Council:--

"(i) the present Municipal Choultry at Hospet may be exchanged for the building in which the Tungabhadra Project Rehabilitation Office is situated so that the Office of the Municipal Health Officer, Hospet,

Cm 15587G/53

may be located in the latter building.

(ii) Sardar Patel School may be continued in the existing portion of the Municipal building where the Office of the M.H.O. was formerly located. The Council will provide additional accommodation for the Office of the M.H.O. by construction of addl. building.

(iii) The entire building occupied by the Rehabilitation office which was previously owned by the Council may be returned to it, as the said office will be ~~would~~ wound up by 31.3.1953."

6. Health Department have noted that the Municipal Council, Hospet, has since resolved that the S.P.M.High Schoc should vacate the Municipal Building after the current school year (1952-53) ~~and that~~ the Commr., Hospet Mlty. has been asked to give effect to the orders in G.O.No.2406.Health Departed 28.7.1952, immediately after the academic year 1952--53 is over. The Commr. has also been informed by that Deptt. that if the Ml. Council still requires the building in which the office of th Tungabhadra Project Rehabilitation Office is situated he shoul submit necessary proposals through the C.E.(I). Hence necessar action will be taken as and when the proposals are received from the Commr. The sanction for the Rehabilitation Staff referred to exists till 30.9.53.

9 The file may be circulated to M.(PW) with reference to the minutes extracted on p.1 ante.
